

Racing To Find a Cure

A team of Cure JM patients, family and friends will run and volunteer for Juvenile Myositis (JM) during the Regional Conference on September 11-12 in conjunction with the Chicago Half Marathon & 5K in Chicago, IL. An education gathering focused on topics young adults with JM could face, tour at the Children's Memorial Research Center and marathon volunteer station will be a part of this event. For more details, visit the Cure JM website at www.curejm.org or contact event organizers Myah Stuemke (myah.stuemke@curejm.com) or Amy Maier (amy.maier@curejm.com).

The Cure JM Foundation was formed to find a cure for Juvenile Myositis (Juvenile Dermatomyositis and Juvenile Polymyositis), an autoimmune disorder that affects approximately 17,000 children and adults nationwide with nearly 1,000 new patients diagnosed yearly. JM causes muscle weakness and pain, extreme fatigue, digestive difficulties, lung and heart problems, painful calcium deposits under the skin and a host of other side effects. While some children will experience remission, others will suffer JM's destructive effects their entire lives

This 100% volunteer, 501 c (3) non-profit organization was formed to raise funds and awareness to find a cure for this rare, debilitating disease.

There are many ways you can support the Cure JM Team...

Run

1. Register to run ASAP at www.chicagohalfmarathon.com. Due to a large number of runners expected, race registration may close early, so be sure to REGISTER NOW! (Make sure to indicate Cure JM Foundation as your charity by entering CHMJMF10 in the Coupon Code field)
2. Register to join the CURE JM TEAM at www.firstgiving.com/curejm
3. Begin training and raising funds for the cause!

Volunteer

- 1.) Register to join the CURE JM TEAM at www.firstgiving.com/curejm
- 2.) Begin raising funds for the cause!
